WINTER CARNIVAL

OVER A CENTURY OF CELEBRATION

The Saranac Lake Winter Carnival has been a tradition since 1897 and is one of the oldest winter carnivals in the United States. The Winter Carnival is a 10-day festival that includes sports, performances, two parades and three sets of spectacular fireworks. A highlight is the famous Ice Palace, built entirely by volunteers using massive blocks of ice cut right from the adjacent Lake Flower.

Over the years, the Winter Carnival has retained the warmth, charm, and camaraderie of a community celebration. From arctic mini golf to a ladies' fry pan toss, snow volleyball and beautiful ice suncatchers, the carnival is a community-driven festival with decidedly different events for all ages.

ART

ART IS EVERYWHERE IN SARANAC LAKE

You'll see it as you are walking the streets or along the waterfront with bug sculptures, murals, and inside our art galleries. You'll read it in the rainy-day sidewalk poetry or at the Adirondack Center for Writing. You'll watch it at a featured Pendragon Theater show. You'll hear it from local musicians at our many music venues and in the parks. Saranac Lake is a hub for creators of all kinds.

While you are here visit the cottage of well-known author Robert Louis Stevenson, where he spent the winter 1887-88 or take a look at the popular Winter Carnival Buttons designed by American Cartoonist Gary Trudeau, creator of *Doonesbury*, who was raised in Saranac Lake.

We are surrounded by art, we celebrate art with music festivals, the Third Thursday Art Walks, and dancing in our parades. The beauty of the area surrounds us and inspires us, and we are sure you'll feel the inspiration too.

THE CAROUSEL

Stop by the Adirondack Carousel and you'll find a unique and beautiful venue providing old-fashioned fun for all ages. The 24 hand carved rideable animals and critters are indigenous to the Adirondacks; the Carousel includes beautiful scenes painted by local artists and the Chris Craft boat is wheelchair accessible. Come rain or shine, hop on your favorite animal and be sure to search for the ladybug that is carved into each animal. The Adirondack Carousel is a must see for all visitors and all ages.

"THERE IS MORE TO SARANAC LAKE THAN SARANAC LAKE"

It is easy to think of Saranac Lake as a quaint, idyllic village, a few miles from Lake Placid, surrounded by mountains and a network of waterbodies. Encircling the little city however, are small hamlets, home to many who consider themselves to be part of the Saranac Lake Community.

BLOOMINGDALE

Located just a few miles down the river, this a tightly knit population boasts 1,160 souls. Centered around the baseball field, turned skating rink in the winter, you will find a sawmill, ice cream stand, record shop, fire department, brew pub, antique stores, several churches, a couple auto mechanics, and, of course, a Dollar General. Life in Bloomingdale moves at a slower pace and will remind you of days gone by, memorialized by the work of Norman Rockwell.

PAUL SMITHS

Home of the "College of the Adirondacks" and the prestigious St. Regis Chain of Lakes, you can find people living in places like "Easy St," Keese Mills and McColloms. They all share pride in the hotdog vendor, who can usually be found midday at the intersection of State Routes 86 and 30.

TOWN OF FRANKLIN

Still wholly within the Saranac Lake School District, the hamlets of Vermontville, Sugarbush, Loon Lake, and Onchiota are in this vast township. Merrillville, Thatcherville, Goldsmith, Alder Brook, Union and Franklin Falls and Kusahaqua Lake represent the smaller, older settlements. Although always willing to lend a hand, the thing that residents in this town have in common is they want room to spread out... and only entertain neighbors if they are invited.

GABRIELS

On the edge of the scenic farm fields, just past Donnelly's Ice Cream, you can find 205 of the nicest people. The post office, handy mini mart and sprawling athletic field are defining features. Locals still lament the loss of "Teddy's Mall" which "Had it all."

RAINBOW LAKE

Bisected by a historic railroad bed, a residential neighborhood can be found buffering this gorgeous waterbody. Known for its tall pine trees and unique topographical features, you can also find a thriving maple syrup operation, potato fields, and a children's camp tucked into the woods.

LAKE CLEAR

Its airport is large enough to land a Boeing 747, but most people go there for the food at the small diner overlooking the tarmac. The two fine pubs attract snowmobilers in the winter and campers in the summer. The beautiful mile long sandy beach is the local's worst kept secret.

SARANAC INN AND FISH CREEK

A few tiny pockets of year-round homes can be found in the proximity of Upper Saranac Lake. Residents here can enjoy lake life and golf in the summer and true quiet the rest of the year.

MERRILL L. THOMAS

Although up to a half hour from the Village, there is no question the inhabitants of these neighborhoods contribute to the character of Saranac Lake. Merrill L. Thomas Real Estate is also proud of our deep connections to the area. If you are considering joining the community, whether it be in town or out, we would love to help you find the right spot!
